- — Transport
- — Ports & Inland Waterways
- — Water - Environment - Energy
- — Rural Development
- — Institutional Development

Egis Bceom International has been working in Viet Nam since 1990, delivering projects in the Transport, Institutional, Strengthening, Rural and Urban Development and Water and Energy sectors. Egis Bceom International has established a permanent representative office in Viet Nam, which allows us to closely coordinate our work on site and in the provinces. Our presence also means that we are able to stay in close contact with our clients including Government agencies and authorities, local offices of financing agencies such as the World Bank, the Asian Development Bank, the Agence Française de Développement (AFD) and the European Development Fund.

Egis Bceom International employs expatriate and Vietnamese specialist staff, and has a policy of long term relationships with, and knowledge transfer to local staff. A senior experienced Egis Bceom International professional is assigned to coordinate back-stopping and head office support related to technical and administrative matters throughout the project cycle.
